## JAS. PINGKEY KINARD, PH. D., HEAD OF ANDERSON COLLEGE

DISTINGUISHED EDUCATOR  
CHOSEN BY BOARD TRUSTEES  
SATURDAY

HAS SIGNIFIED  
HIS ACCEPTANCE

Was For Years Head of English  
Dept. and at Times Acting  
President of Winthrop  
—All Pleased

Jas. P. Kinard, Ph. D., head of the English department at the South Carolina Military Academy, was Thursday afternoon unanimously elected president of Anderson college. Dr. Kinard was practically tendered the position more than a year ago, before there was any talk of the building, but he could not then accept. It became known recently that a determined effort was to be made to get Prof. W. H. Hand to go back to his field of work for the high schools of the state. Friends of Dr. Kinard suggested that in the event of Mr. Hand's refusing from the institution, they would look no further for they had in view the very man they needed. And expressions of opinion confirm the wisdom of this.

Dr. Kinard was here last Saturday night on a visit to friends, having come over from the state teacher's association meeting in Spartanburg, and the matter was gone over with him at the time. Mr. Hand's resignation was accepted at 5 o'clock and at 8:30 the place had practically been tendered to Dr. Kinard. The latter could not accept without consulting the management of the Citadel academy, as the South Carolina military academy is known. There was not a definite offer Saturday night, but the local executive committee announced its choice, and this has since been confirmed.

The local executive committee of the trustees of Anderson college communicated with the out of town members and received enthusiastic responses by wire and by phone.

Trustees Enthusiastic.

Dr. Howard Lee Jones of Charleston, Citadel Square Baptist church, declared that the institution had now found the right man in Dr. Kinard, and Rev. Graves F. Knight of Graniteville, and others echoed these sentiments. Rev. Louis Bristow, of Abbeville, was the first to propose Dr. Kinard's name and he of course was elated over the chance to get him. Col. W. J. Hunt of Newberry, who had known Dr. Kinard all of his life commends him in terms of praise and endorsement. The trustees feel very happy over the outcome of the whole matter. Tuesday afternoon the following telegram was sent:

Dr. James P. Kinard,

The Citadel, Charleston, S. C.  
After conference personally, and by telephone, with all members of the board, I rejoice to announce your unanimous election as president of Anderson college.  
W. H. Watkins, Chm.

Dr. Kinard has been head of the English department at Winthrop college from the day that institution was opened until last year when he accepted the offer at the Citadel. He is well known throughout the South, but as the executive he is equally as pronounced a success. It is well known that Winthrop college is the most successful in the whole South, and the remarkable ability of Dr.

D. B. Johnson as organizer, is responsible therefor, or much of that great success, but Dr. Kinard in the absence of Dr. Johnson sometimes in extended visits, had handled that institution with as much ease as Dr. Johnson himself. The trustees of Anderson college are very happy over his having made known his decision to consider the matter favorably.

Some Personal History.

Dr. Kinard is a brother of John M. Kinard of Newberry, who is well known in Anderson, as he was president of the State Bankers' Association and has held other important honorary positions in the State. Their father was Lt. Col. John M. Kinard, killed in battle. Their mother was Miss Rook, member of a family prominent in the interior of the State before the war. Dr. Kinard is a graduate of the Citadel and got his Ph. D. degree from John Hopkins. He was at one time superintendent of the Newberry male academy. Dr. Kinard went to Winthrop unmarried, but there got his wife one of the most intelligent and capable of the family. Miss Wicker of Virginia, a young woman of many graces and attractions. She will be an acquisition to Anderson. Her sister Miss Margaret Wicker, once taught in the city schools of Anderson and was regarded as one of the best teachers this city has ever known. Dr. and Mrs. Kinard have four children. Dr. Kinard will come to Anderson some time in April to shape up the catalogue and to assist in other ways toward preparing for the next session. There is the utmost cordiality between the board and Mr. Hand and it is understood that he too, will help whenever called upon.

Mr. Sullivan's Gift.  
Another announcement this afternoon was that Chas. S. Sullivan had informed the board of his intention to build and give to the college a home this spring and will be an ornament to the already beautiful campus. Mr. Sullivan said that he did not wish to say very much about the matter except that he wished to show his firm conviction that the college will be a great success, and he knows of no better way to express his confidence.

### GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less Meat if you feel Backache or  
Have Bladder Trouble. Salts are  
Fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve the bowels. Remove all the acids, waste and poisons, else you feel a dull misery in the kidney regions, sharp pain in the back or sick headache, dizziness, your stomach burns, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy and full of sediment; the channels often get irritated, necessitating you to get up once or twice during the night.

To neutralize these irritating acids, and flush the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acids of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and to stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious illness and long, tedious cures. ## REBELS DEFEATED

### Latest Bulletins Indicate That General Villa Retreated

(By Associated Press)  
Mexico City, Mar. 20.—Confirmation of the reported defeat of General Villa's army at Torreon by Federal forces under General Velasco was given in a message received at noon today at the Mexican war office. The rebel losses are placed at 700 men killed.

The rebels are said to be retreating at Bermejillo, a town on the railroad twenty miles north of Torreon.

At the war office it was said that the message was sent from San Pedro De Las Colonias, a town 37 miles northeast of the battlefield and was filed by a Federal officer.

It was the first despatch to come through the fighting zone.

Eagle Pass, Tex., March 20.—Federal officials at Piedras Negras, Mexico, opposite Eagle Pass, today announced they had received official advices of the defeat of the Francisco Villa, constitutionalist leader, at Gomez Palacio, a suburb of Torreon.

Notice were posted in Piedras Negras declaring Villa had been repulsed with a loss of 2,000 killed and wounded, and that the constitutionalists are now retreating toward Escalon.

No details were obtainable. Escalon is about 100 miles northwest of Torreon.

### LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur  
Herb and Nobody can tell  
—Brush it through the hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. "Your hair is your charm, makes or mars the face. When it fades, turns gray or looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cents bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, itching, and falling hair. Besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. — Evans' Pharmacy, Agents.

Won't Fight Ulster  
London, Mar. 26.—Field Marshal Sir John French, chief of the imperial staff of the British army resigned his commission today. The marshal was one of those receiving memorandum giving guarantees to army officers that they would not have to fight the Ulster unionists. He regarded the reputation of this document by the government as a slight on himself and therefore retired.

### INQUIRY ENDED IN BENTON CASE

#### INVESTIGATION DIRECTED BY BRITISH FOREIGN OFFICE ENDS

### EVIDENCE MEAGER

#### Carranza Commission's Report Is Now Awaited With Much Apparent Interest

(By Associated Press)  
Washington, March 23.—Inquiry into the death of the Scotchman Benton, five weeks ago at Juarez, directed by the British foreign office, has been concluded, and today the results were laid before the British ambassador here for transmission to London. This investigation was conducted by C. A. S. Percival, British consular representative, whose district includes the town of El Paso opposite Juarez.

Necessarily, the evidence as to what actually took place in Villa's headquarters at Juarez, where Benton was last seen alive, was meager. Most, if not all, of the eye witnesses were officers and private soldiers under Villa's immediate command, who are now with the General in the interior of Mexico.

The testimony quoted by the consul make it appear that Benton was unarmored and did not emerge from the office armed when he entered Juarez and sought Villa's headquarters; that he entered Villa's office; that there was a tremendous scuffle, followed by perfect quiet. No witness could be found who had heard the sound of a shot, but where and when his body was removed the report does not disclose.

#### Killed by Knife.

The consul drew the inference that Benton was killed by a knife and that his body had been secretly removed and interred somewhere in the immediate neighborhood, though there was no direct testimony adduced to sustain this inference.

The substance of the report will be communicated to Secretary Bryan, and the report itself will be transmitted to the British foreign office. According to the British view, nothing further can be done in the case at this stage. The report of the Carranza commission, appointed to investigate the Benton killing is awaited with much interest and will be received by the British embassy, but it was felt that at least.

No immediate action is expected at the British embassy, but it was recalled that Sir Edward Grey, in his last statement to the house of commons upon the Benton case, made it plain that there must be a heavy subsidy for the killing of a British subject, and that the debt would be the future permanent government of Mexico.

### Reading Approves Disintegration Terms

New York, March 25.—Directors of the New York, New Haven and Hartford railway company, in special meeting today unanimously approved of the agreement recently reached between Chairman Howard Elliott and Attorney General McReynolds, which prescribed the terms under which the New Haven system is to be disintegrated. Chairman Elliott was authorized to call a special meeting of the stockholders on April 21, when formal action on the agreement will be taken.

### Receiver Appointed For Carolina Mills

Greenville, March 24.—Aug. W. Smith, of Spartanburg, has been appointed receiver for the Carolina mills of this city. This action was taken after the mill had become heavily in debt. The receivership will protect the creditors. The plant will not be closed in the past. The amount of indebtedness is approximately \$300,000. No other mill is involved in the transaction.

### SOUTH AMERICANS OPPOSE EXEMPTION

#### As Hostile to Free Passage S. Ship Thru Canal as Canada

(By Associated Press)  
Washington, March 25.—President Wilson kept pace today with his precedent shattering reputation by mortaring to the home of Senator William J. Stone, of Missouri, who has been sick, and having a chat about official business.

Senator Stone, who is the new chairman of the foreign relations committee, has been ill for several weeks and only today was able to be out for a short time. He had sought a conference with the president, who suggested that he visit the senator rather than have him go to the trouble of visiting the White House. Senator Stone agreed that such an arrangement would be fine, and when the president arrived at the Senator's apartments the meeting was most cordial.

Senator Stone was eager to discuss the Mexican situation and the pending controversy relating to the repeal of toll exemption for American ships through the Panama canal. The president, it is understood, told the senator that the Mexican situation had undergone no change.

The tolls repeal matter was discussed at length and a point particularly emphasized in the conversation was that "South American nations were just as much opposed to the exemption of tolls to coastwise shipping of the United States passing through the Panama canal as was Canada, Argentina and Brazil, it developed, hold that their own coastwise shipping should be free from tolls if American coastwise ships are to enjoy that advantage. The South American government argue that they are in the same position as Canada, and that, so long as their ships are not engaged in over sea traffic, coastwise ships of the United States would have a discriminatory advantage through canal tolls exemption.
